12/8/17		Random Assignment of Magistrate Judge pursuant to Local Rule 3.1. In the event of a referral, case will be assigned to Magistrate Judge David A. Ruiz. (C,KA) Modified filed date 12/12/2017 (C,KA). (Entered: 12/12/2017)	Joint Designation
12/12/17	1	Transfer Order by the Judicial Panel on Multidistrict Litigation transferring the 64 listed cases to the Northern District of Ohio. (C,KA) (Entered: 12/12/2017)	Joint Designation
12/14/17	4	Minutes of Teleconference and Scheduling Order. The Court held an initial teleconference with Counsel in this Multidistrict Litigation (MDL) on December 13, 2017. No later than 12:00 noon Eastern Time on Wednesday, December 20, 2017, Counsel for Plaintiffs and Defendants shall file a Motion to Approve Liaison Counsel and Steering Committees. All agreed with the Court's suggestion that it would be beneficial to appoint a Special Master to assist in handling this MDL. So, no later than 12:00 noon Eastern Time on Wednesday, December 20, 2017, Counsel shall caucus and file any recommendations of specific persons. There are currently pending 16 cases with remand motions where Defendants removed the case to federal court based ostensibly on diversity jurisdiction, contending that the non-diverse Distributor Defendants were fraudulently joined. The Court explained that it would be better to leave the motions pending for the time being for reasons stated on the record, and Counsel agreed. There is, however, one remand motion pending in a case that Defendants removed to federal court a second time, after the district judge granted plaintiffs' motion to remand. State of West Virginia, et al. v. McKesson Corp., C.A. No. 2:17-03555. The Court has directed the Clerk of Court to transfer that case back to the transferor court for a ruling on the pending motion to remand. Should the district judge deny the motion, it shall transfer the case back to this MDL. The Court has scheduled a conference beginning at 9:00 a.m. on Tuesday, January 9, 2018. This is an in-person conference for Counsel only. The Court agreed that Plaintiffs and Defendants may each email to the Court, no later than 12:00 noon Eastern Time on Friday, January 5, 2018, suggestions they believe will assist the Court in organizing and managing this MDL. The Court granted Counsel's verbal request to extend the deadline for achieving service to 60 days after the expiration of the time period under Federal Rule Civil Procedure 4(m). Because the Court is still in the early stages of organizing the MDL, the Court has put a moratorium on all filings, other than the ones mentioned herein, for 60 days. Judge Dan Aaron Polster on 12/14/2017 (C,KA) (Entered: 12/14/2017)	Joint Designation
12/14/17	5	Conditional Transfer Order (CTO-1) by the Judicial Panel on Multidistrict Litigation transferring the action(s) on the attached schedule to the Northern District of Ohio. (C,KA) (Entered: 12/14/2017)	Joint Designation

8/14/19		Order [non-document] - During the monthly status teleconference held on August 13, 2019, it was brought to the Court's attention that there is an issue regarding whether the parties in the October 2019 trial should stipulate to the admission and authenticity of the ARCOS data and the analytical summaries and charts created therefrom. Following discussion, the Court directed the parties to stipulate to the admission and authenticity of the ARCOS data, but would not direct the parties to stipulate to the charts or summaries - a subject that is addressed in Rule 1006 of the Federal Rules of Evidence. 9/17/19		Minutes of proceedings [non-document] before Judge Dan Aaron Polster. On September 16, 2109, the Court held a teleconference with Track One trial counsel to discuss various trial issues. The Court directed the parties to file short, concise trial briefs of no more than 10 pages that describe how the parties intend to prove or defend their case. The Court also addressed which portions, if any, of Plaintiffs' claims must be tried to a jury and which must be decided by the Judge. After discussion with trial counsel, the Court stated its intention, absent a showing of undue prejudice to any party or controlling Sixth Circuit or Supreme Court precedent to the contrary, to let a jury decide the issue of liability for creating a public nuisance. The Court believes there will be significant overlap in the evidence between Plaintiffs' RICO, OCPA, and civil conspiracy claims and the evidence necessary to determine liability for the creation of a public nuisance. However, the Court does not intend to allow the jury to hear any evidence regarding abatement. In the event that the jury finds one or more defendant(s) liable for public nuisance, then the Court intends to retain its equitable jurisdiction to determine through a subsequent hearing whether such nuisance can be abated, and if so, to craft an equitable abatement remedy. The Court directs the	Joint Designation

10/11/19		Order [non-document] - The Court and the parties have long been preparing for trial with facts and legal issues that pertain to several manufacturers and several distributors. Teva now asserts that, with only one manufacturer defendant instead of five, the trial will be too complicated. This logic fails. The Court is confident the parties will be able to present their case to the jury in an intelligible way. Accordingly, Teva's Motion to Sever (Doc. #: 2788) is DENIED.
